ACETONE

We supply high-quality Acetone, a widely used solvent and chemical intermediate essential in coatings, adhesives, pharmaceuticals, and industrial cleaning applications. Its versatility and efficiency make it a key material across multiple industries

Applications include:

- Solvent in paints, coatings, and adhesives
- Raw material in pharmaceuticals and chemical synthesis
- Cleaning agent for resins, oils, and contaminants
- Used in plastics, fibers, and specialty chemicals

Advantages :

- **Excellent Solvent Power:** Rapidly dissolves a wide range of organic compounds.
- **Versatility:** Applicable across coatings, pharma, plastics, and cleaning industries.
- **Purity & Reliability:** Ensures consistent performance in formulations.
- **Cost-Effective:** Reduces processing time and chemical usage.
- **Industrial Standard:** Globally recognized and trusted for efficiency.
